

Clinton Clean Up

Are you concerned for your community and looking to help protect our water resources?

CRWC is looking for site coordinators to organize clean up events throughout the watershed.

When: Sept. 20, 2014

The Clinton River Watershed Council will assist you in coordinating and publicizing an event as well provide bags and gloves and 10 t-shirts per location.

Please note: Events can be held on dates throughout September

Help Us Improve the Health of Our Waterways!

Planning is underway for this year's Clinton Clean Up. Please consider joining us in one of many capacities; site recommendations, co-coordinator or volunteer. If you don't have a team, we can help create one for your community, organization or business. The Clinton River Watershed Council will also assist in promoting and publicizing an event.

As cleanup sites are determined, complete listings of Clinton Clean-Up events will be included on our website at <http://www.crw.org/crwcevents/clintoncleanup.html> along with promotion on our CRWC listserv. For more information or if you are interested in coordinating an event in your community please call 248-601-0606 or email [**amanda@crwc.org**](mailto:amanda@crwc.org).
